

### 18. FILL GUN LEAD

Part No. CA2681

### 19. AUDIO EXTENSION/VOLUME CONTROL LEAD

Part No. CA3177

Audio extension lead with volume control, to allow remote headset or speaker/microphone operation when using a transportable station, the lead also allows key fill from the socket, useful when used in vehicle applications, when the transportable station may be boot mounted

### 20. SURVEILLANCE SPORTS BAG

Part No. CA3177

Gents/ladies surveillance sports bag, available in black, blue, red and grey. All bags are supplied with a strap-mounted microphone/inductor, remote ptt switch and di-pole antenna on customers advised frequency.

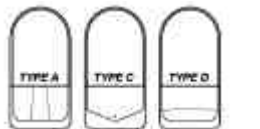

Part No: CA1835/01 = LOWBAND 147-155MHz  
Part No. CA1835/03 = HIGHBAND 155-168MHz

### 21. SURVEILLANCE HANDBAGS

Part No: CA6338/- TYPE A  
Part No: CA6339/- TYPE C  
Part No: CA6340/- TYPE D

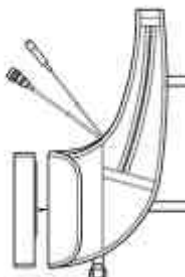

\*01 = LOWBAND ANTENNA 147-155MHz  
\*02 = HIGHBAND ANTENNA 155-168MHz  
Ladies surveillance handbag, available in 3 styles and either black, blue, grey or brown in colour. All bags are supplied with a strap-mounted microphone/inductor, remote ptt switch and di-pole antenna on customers advised frequency.

### 22. COVERT SURVEILLANCE SHOULDER HARNESS

Part No. CA1606/10

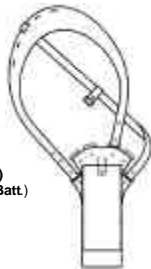

Supplied with an integral microphone/inductor, remote ptt and radio facility connector for use with the PRM4515 radio. Di-pole antenna on customers advised frequency.

### 23. LEATHER SHOULDER HARNESS ONLY

Leather sholder harness for radio carriage only. Manufactured from durable black leather with fully adjustable straps to allow left or right hand side operation.

(for comms.see Item 10  
Pt.No.CA2277/04)

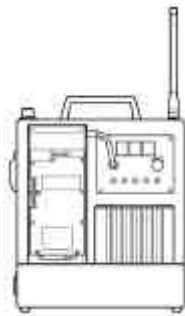

Part No. CA2289 (standard Batt.)  
CA22289/01(extended Batt)

### 24. TRANSPORTABLE STATION

Part No. CS3223

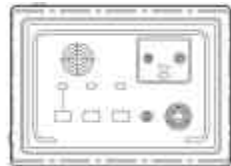

Transportable station to convert the handheld radio to a multi-purpose radio system, capable for use in mobile, static or transportable role. Equipment includes a 15w RF amplifier, internal battery supply, ext dc input and the capability of mains operation. Supplied with a handheld speaker/microphone, headset/ptt, helical antenna and transportable clip on antenna.

### 25. "COUGAR" AUDIO ANCILLARIES TEST BOX (CAATB)

Part No. CS3794

The Cougar Audio Ancillaries Test Box (CAATB) is designed to carry out testing on a wide range of audio accessories intended for use with either the RACAL PRM4515 (handheld) or PRM4735 (covert) radios. However, its use is not restricted to accessories produced by SONIC and providing the equipment utilises the same type of connector and wiring as those required by the specified radios, it will be possible to carry out functional testing of the product.
