

22. 1/4 WAVELENGTH (SEMI-RIGID) WIRE ANTENNA
 Part No. CA3215 = LOWBAND 147-155 MHz
 CA3215/01 = HIGHBAND 155-168 MHz

23. 1/2 WAVELENGTH DI-POLE ANTENNA
 Part No. CA2675/04 = LOWBAND 147-155 MHz
 CA2675/05 = HIGHBAND 155-168 MHz

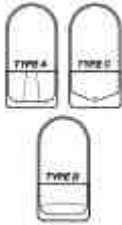

24. FILL GUN LEAD ASSEMBLY
 Part No. CA2680

25. SURVEILLANCE HANDBAGS

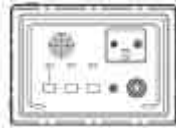

Ladies surveillance handbag, available in 3 styles and either black, blue, grey or brown in colour. All bags are supplied with a strap mounted microphone/inductor, remote PTT switch and di-pole antenna on customers advised frequency, along with facility to retain use of the RCU for channel, volume and tone control.

Part No. CA2030/-TYPE A
 CA2031/-TYPE C
 CA2599/-TYPE D
 *01=LOWBAND ANTENNA 147-155MHz
 *02=HIGHBAND ANTENNA 155-168MHz

26. "COUGAR" AUDIO ANCILLARIES TEST BOX (CAATB) Part No. CS3794

The cougar audio ancillaries test box (CAATB) is designed to carry out testing on a wide range of audio accessories intended for use with either the RACAL PRM4515 (handheld) or PRM4735 (covert) radios. However, its use is not restricted to accessories produced by SONIC and providing the equipment utilises the same type of connector and wiring as those required by the specified radios, it will be possible to carry out functional testing of the product.

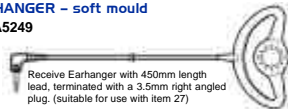

27. SPEAKER/MICROPHONE

Part No. CA3172
 Speaker/microphone assembly, complete with remote earpiece socket (item 28a & 28b), and 2 position switched volume control. Allows conventional use of the radio when full covert operation is not required.

28a. EARHANGER - soft mould
 Part No. CA5249

Receive Earhanger with 450mm length lead, terminated with a 3.5mm right angled plug. (suitable for use with item 27)

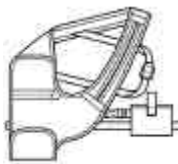

28b. EARHANGER - plastic
 Part No. CA1862/09

Receive Earhanger with 450mm length lead, terminated with a 3.5mm right angled plug. (suitable for use with item 27)

29. "LADIES" SHOULDER HARNESS
 Part No. CA3208 (Cotton harness only)
 CA3208/01 (Fully wired)

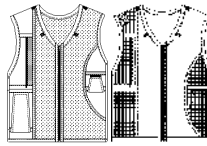

Cotton shoulder harness, designed for use along with the PRM4735 battery splitter, (available separately), to reduce radio height. Includes an elasticated waist strap with additional pocket for the remote battery, to allow closer fitting and comfort, suitable for use with existing SONIC or RACAL accessories, or available fully wired.

30. "DELTA 3 & 3+" COVERT RADIO CARRYING SOLUTIONS

RADIO VEST3 Part No. CA6467/01 (BLACK)
 RADIO VEST3 Part No. CA6467/02 (WHITE)
 RADIO VEST3+ Part No. CA6593/02

The DELTA range of covert radio vests provide innovative and integrated solutions to bodyworn radio carriage. Modern design techniques, combined with the use of advanced materials, ensures that the radio vest resolves many of the common problems associated with conventional radio harness design. Suitable for use with or without a battery splitter.
